

Welcome to Elm Grove Lutheran School!

From the Nursery through 8th Grade, we provide a Christian childcare, preschool, elementary and middle school education designed to cultivate in students a love for God, A passion for lifelong learning, and the skills needed to thrive in society. We do this in the context of the Church's mission to make disciples of Jesus Christ.

We believe that each child in our care is a unique creation of a loving God. Our educators are committed to educational excellence provided in a relaxed, creative and playful setting that honors God and teaches healthy, respectful relationships.

We believe that children rise to the challenge when given the opportunity to do so. Kindergarten and older students are frequently evaluated to determine their academic progress; we then work with each student to advance in academic achievement as high and as quickly as possible for their level of learning.

We believe that students of all ages benefit from instruction in the arts and in physical education, so we provide many opportunities for both. We give children the opportunity to learn in a way that recognized and builds on their learning style, intelligence, and God-given talents. This is accomplished through diagnosis and careful planning by the classroom teachers providing enrichment and remedial experiences for students.

We believe that a school that follows the example of Jesus Christ has many advantages. Character is best developed in an atmosphere of warmth and kindness where each child participates in ways appropriate to his or her development, where teachers show interest and empathy for each child, and where there are positive associations with the Church and its leaders.
